

TABLE OF CONTENTS

EXECUTIVE SUMMARY
TABLE OF CONTENTS

I.	INTRODUCTION AND BACKGROUND	
	A. The River Conservation Plan Framework	I-2
	B. The Darby Creek Watershed Study Area	I-3
	C. The Darby Creek Valley Association and the Study Advisory Committee	I-4
	D. Other Important Planning in the Watershed	I-6
	• The Darby-Cobbs Watershed Partnership	I-6
	• Act 167 Stormwater Management Plan	I-9
	• Act 537 Sewage Facilities Plan Update for Eastern Delaware County	I-9
	• E. A Brief History of Watershed Problems and Issues	I-10
II.	WATERSHED POPULATION AND LAND USE CHARACTERISTICS	
	A. Population Profile	II-2
	• Population in the Watershed	II-2
	• Population Projections	II-4
	• Population Density in the Watershed	II-5
	• Age Characteristics in the Watershed	II-7
	• Income Characteristics	II-9
	B. Housing Profile	II-11
	• Housing Units in the Watershed	II-11
	• Development Activity in the Watershed	II-14
	• Housing Values in the Watershed	II-15
	• Total Assessed Valuation and Municipal Mileages in the Watershed	II-16
	C. Land Use and Transportation	II-16
	• Historical Development Trends	II-18
	• Transportation Facilities	II-18
	• Major Sources of Employment	II-20
	• Existing Land Use Patterns	II-22
	• City of Philadelphia	II-28
	• Land Ownership (Public and Private)	II-29
	• Haverford State Hospital	II-29
	• John Heinz National Wildlife Refuge	II-30
	• Land Use Planning: Comprehensive Planning, Zoning, Subdivision/Land Development Regulations	II-30
	• City of Philadelphia Planning	II-32
	• Special Philadelphia Planning: The Fairmount Park System's Natural Lands Restoration and Environmental Education Program (NLREEP)	II-32
	• Delaware County and Other Regional Planning	II-34
	• The Special Role of Environmental Advisory Councils	II-34
	• Private Land Management and Private Land Stewardship for Watershed Conservation	II-35
	• Conservation Easements	II-36
	• Bargain Sales	II-36
	• Limited Development	II-36
	• Open Space/Conservation Development	II-36
	• Estate Planning	II-37

D. Critical Areas in the Watershed	II-37
• Superfund Program	II-37
• Toxic Release Inventory	II-39
• Quarries, Abandoned Mines, and Landfills	II-41
III. EARTH RESOURCES	
A. Geology	III-2
• Geologic Overview: Age and History	III-4
• Physiography	III-6
• Topography and Land Form	III-6
• Specific Geologic Description	III-6
B. Soil Characteristics	III-9
• Major Soil Series & Characteristics	III-9
• Hydrologic Soil Groups	III-10
C. Outstanding or Unique Features	III-11
D. Issues, Threats, Opportunities	III-11
IV. WATER RESOURCES	
A. Surface Waters: Streams and Major Tributaries	IV-2
• Historic Streams	IV-5
• Buried Streams	IV-6
• Stream Order	IV-8
B. Floodplains, Riparian Zones, Riparian Buffers	IV-9
• PWD's Cobbs Creek Restoration Project - A Sustainable Approach to Restoring an Impaired Urban Stream	IV-13
• Floodplain/Riparian Zone Encroached Area Analysis	IV-14
• Federal Emergency Management Agency (FEMA)	IV-16
C. Wetlands	IV-18
• National Wetlands Inventory Program	IV-18
• Wetland Construction	IV-18
• Special PWD/USEPA Wetlands Program	IV-19
D. The Water Cycle	IV-21
• Precipitation	IV-27
• Stormwater and the Groundwater Reservoir/Stream Baseflow	IV-28
• Stormwater and Surface Runoff	IV-31
E. Impervious Cover Analysis and Water Cycle Impacts in the Darby Creek	IV-37
F. General Water Quality Issues	IV-38
• Nonpoint Source Pollution	IV-40
• Point Source Pollution	IV-41
• Physical Types of Pollutants: Soluble vs. Particulate	IV-41
• Natural Mechanisms for Stormwater Pollutant Reductiop/Mitigation	IV-41
• Settling	IV-42
• Filtering	IV-43
• Biological Transformation and Uptake/Utilization	IV-44
• Chemical Processes	IV-44
G. Water Quality Issues: Interaction between Water Quantity and Water Quality	IV-45
• Benthic Macroinvertebrates	IV-45
• Fish	IV-46
H. Water Quality Sampling Data and Water Quality Problems in the Watershed	IV-46
• Philadelphia Water Department	IV-47
• Fairmount Park Commission	IV-48
I. Water Quality and Aquatic Biota (see section V)	IV-49
• PA Department of Environmental Protection, 1995-1996	IV-49

Darby Creek Watershed Conservation Plan

• Nonnandeu Associates, 1997	IV-50
• PA Department of Environmental Protection, 1998	IV-50
• Philadelphia Water Department Bioassessment, 1999	IV-51
• Natural Lands Restoration and Environmental Education Programs	IV-52
J. Point and Intermittent Point Sources of Pollution	IV-53
• Wastewater Treatment	IV-53
• Combined Sewer Overflows	IV-57
• Act 537 Sewage Facilities Plan Update: Eastern Plan of Study (Draft for Discussion)	IV-58
V. BIOLOGICAL RESOURCES	
A. Introduction	V-1
B. Endangered Species at the Federal Level and the Commonwealth Level	V-3
C. Pennsylvania Natural Diversity Inventory	V-5
• John Heinz National Wildlife Refuge at Tinicum	V-8
• Cobbs Creek Park, City, of Philadelphia	V-9
• Haverford State Hospital, Haverford Township	V-10
D. Local Species Interactions	V-11
• Vegetation--Native and Introduced	V-13
• Wildlife	V-15
• Mammals	V-15
• Birds	V-15
E. Philadelphia Water Department Biological Assessment of Cobbs Creek	V-16
• Fish (Ichthyfaunal) Sampling	V-16
• Benthic (Macroinvertebrate) Sampling	V-17
• Habitat Assessment	V-17
• Bioassessment Summary	V-17
F. DCVA Biomonitoring Project	V-17
G Outstanding or Unique Features	V-17
• Indian Rock Park, Springfield Township	V-17
• Ithan Creek Wetland, Radnor Township	V-18
• Jenkins Arboretum, Radnor Township	V-18
• Chanticleer, Radnor Township	V-18
• Villanova Arboretum, Radnor Township	V-18
H. Issues, Threats, Opportunities	V-18
VI. RECREATIONAL AND CULTURAL RESOURCES	
A. Recreational Resources	VI-2
• Cobbs Creek Park	VI-5
• Stream Stocking Program	VI-6
B. Trail Resources	VI-7
• Overview of Trails in the Darby Creek Valley	VI-7
• A Walk Along the Existing Trails in the Darby Creek Valley -- Envisioning a Greenway	VI-8
C. Historical Resources	VI-16
• Brief History of the Darby Creek Watershed	VI-16
• The Commonwealth's Role in Protecting Historic Resources	VI-20
• Important Historic Sites in the Darby Creek Watershed	VI-22
• Specific Historic Sites Located in the Darby Creek Watershed	VI-24
D. Archaeological Resources in the Darby Creek Watershed	VI-42
• Delaware County Archaeological Resource Inventory and Management Plan	VI-43
E. Issues and Opportunities	VI-44
• Municipal Actions for Better Inventorying and Analysis of Cultural Resources	VI-45
• Historic Resource Surveys	VI-46
• Historic Resources Ordinances	VI-48

Darby Creek Watershed Conservation Plan

• Better Overall Management through Historic Resources Plans	VI-48
• Grants and Other Resources Available	VI-49
VII. RIVER CONSERVATION PLAN PRIORITIES: GOALS AND RECOMMENDED ACTIONS	
A. River Conservation Plan Priorities: Watershed Goals	VII-2
B. River Conservation Plan Priorities: A Goal-Based Action Plan	VII-5
C. The Darby Creek Greenway Vision	VII-12
D. The Goal-Based Action Plan	VII-20
E. Funding Options for RCP Implementation	VII-44
• Federal Programs	VII-45
• TEA21	VII-45
• Transportation Enhancement	VII-45
• Congestion Mitigation and Air Quality Improvements	VII-46
• State Programs	VII-46
• PADCNR's Community Recreation Grants	VII-46
• Rails-to-Trails	VII-46
• Land Trust Grants	VII-47
• River Conservation Grants	VII-47
• Recreational Trails Fund	VII-47
• Other Programs	VII-47
• PADEP Grants	VII-47
• PADCED Grants	VII-47
• County Grants	VII-48
• Other Grants	VII-48
• Pennsylvania Urban and Community Forestry Council Grants	VII-48
• American Forest Global ReLeaf Grants	VII-48
• National Tree Trust Tree Planting Program	VII-48
• Kodak American Greenways Grants	VII-48
